Dave –

A few things I'd like to discuss when time allows:

1. I would like an update on our schedule for our changes to the disapproved Deschutes TMDLs. **FOIA exemption (b)(5)**
[REDACTED] Because I think this will continue to be high profile matter, I would like us to have a fully developed baseline schedule with clear interim milestones, and then have a regular cadence (perhaps monthly) to discuss progress against this schedule. You could wrap those updates into our OWW Business Reviews or we could do them separately.
2. In the Idaho letter I signed I noted a summary of the outlays over time. **FOIA exemption (b)(5)**
[REDACTED]

Thanks.
